Medi-Caps University [🔗](#)

CGPA - 8/10

10/2021 – present

Indore, India

### Higher / Senior Secondary Education

Vidya Bhavan Public School

Percentage - 88%

03/2020 – 07/2021

Indore, India

## PROJECTS

---

### CaseCobra [🔗](#)

- Developed a **responsive e-commerce platform** for customizable phone covers using **Next.js** and **TypeScript**, with **dynamic server-rendered pages**.
- Implemented **Kinde Auth** for user authentication, **Stripe** for payments, and **PostgreSQL** with **Prisma ORM** for database management.
- Utilized **Tailwind CSS**, **Framer Motion**, and **Shadcn UI** for a modern, interactive design, with efficient **API handling** using **React Query** and **Zod** for validation.
- Integrated **UploadThing** for image storage, **Resend** for email notifications, and prioritized performance and maintainability through **cloud-based services**.

### WordleChamps [🔗](#)

- Built an **online multiplayer Wordle platform** using **React**, **Node.js**, **Express**, and **MongoDB** for real-time gameplay.
- Implemented **JWT authentication** for secure access and personalized game tracking.
- Added social features like **friend lists**, **profiles**, and **game history** tracking for a more engaging experience.
- Styled with **Tailwind CSS** for a sleek, modern interface.

### Airbnb-Clone

- Developed an **Airbnb clone** using **React**, **Node.js**, **Express**, **MongoDB**, and **Tailwind CSS**.
- Implemented **JWT authentication** for secure user login and session management.
- Enabled browsing, booking, and reviewing of properties, along with host property management.
- Styled the application with **Tailwind CSS** for a modern and responsive design.

### E-Authentication System

- Developed an **authentication system** using **Node.js**, **Express**, **MongoDB**, **EJS** and **Bootstrap**.
- Implemented secure user registration and login functionalities.
- Integrated **two-factor authentication (OTP and QR code)** for enhanced security.
- Styled the frontend with **Bootstrap** for a clean and responsive design.

## SKILLS

---

**Languages** — C++, Python, Javascript, Typescript

**Frontend Technologies** — React, Tailwind, Bootstrap, Shadcn, React Query, HTML, CSS

**Backend Technologies** — NodeJs, Express, Mongoose, Prisma

**Databases** — MongoDB, Postgres

## INTERESTS
